- B. When desired, warranted, and appropriate, a referral is made for a Nutritional Assessment by a Registered Dietitian.
- C. Nutritional Assessments are completed within BABHA established time frames after a yearly physician's order is obtained and an Access authorization is secured. A prescription order is required for Nutrition Care and may be written by a physician, physician assistant or nurse practitioner. A prescription must include all required elements listed in the Medicaid Manual. See attachment for further information.
- D. When nutritional care plans are necessary and desired, they are developed in conjunction with the individual and other involved persons who are part of the person/family-centered planning team. Nutritional services are not implemented prior to the completion of the Nutritional Assessment and Treatment Plan.
- E. Specialized diets must be prescribed by the individual's **primary care** physician.
- F. All prescribed diets must be continually assessed for compliance/non-compliance.
